Michael Chernyakov

Principal Product Manager · Solaris SE | Coach for product managers & leaders

Product leader building customer-facing banking products used by over a million people, and a coach working with product managers and emerging business leaders on the work itself — managing stakeholders, shipping under pressure, growing teams and building careers that hold up over time.

Experience

10/2025 – Present

Principal Product Manager · Solaris SE, Berlin

- Strategically coordinate products and features to generate more revenue and growth.
- Launched and manage deposit products with €100m+ in deposits (savings account and fixed-term deposits).
- Improved customer onboarding conversion by 25%.
- Manage financial products at a higher level for better performance from a technical and commercial perspective.

2024 – 10/2025

Product Owner — Credit Card Apps · Solaris SE, Berlin

- Built and launched the ADAC iOS, Android and Web banking apps; led the build and execution of the migration of 1.1m credit cards from LBB (Sept 2024).
- Designed onboarding across online, branch and call-center channels — data protection, credit scoring, KYC, verification, contract signing.
- Built the B2C function's working agreements from scratch through joint functional and technical refinements.

2021 – 2023

Product Owner · GLS — General Logistics Systems, Berlin
Built logistics and last-mile delivery products on Android and Web, including the driver app used daily by 20,000+ GLS drivers.

2019 – 2021

Product Owner · Convidera GmbH, Cologne — digital products in agency mode across industries.

2017 – 2019

Junior Consultant & Trainee · Convidera GmbH, Cologne — executive training, digital marketing, branding strategy.
